

Cat Cot!

What to do...

1. Think of short words with three sounds for example,
ship dog chat fish bird bush worm
2. Can you find two or even three words which have the same start and end sounds and different middle sounds for example,
chip chap chop
spit spat spot
flip flap flop
3. Ask your helper to help you think of some words and write down as many examples as you can!

These are all
pictures of
things that
are short
words!
