Part A: Pupil Premium Strategy Plan

Statement of intent

Our intent is that all pupils make good progress and achieve high attainment across all subjects but particularly in Reading, Writing and maths. As our vision states, we for all children to achieve this irrespective of their background or the challenges they face. The focus of our Pupil Premium Strategy is to support disadvantaged pupils to achieve that goal by reducing barriers they may face.

What are your ultimate objectives for your disadvantaged pupils?

- *For all disadvantaged pupils to make good progress against their targets in school and to meet or exceed age related expectations in Year 6 to ensure they are secondary school ready.*
- *To continue to try to narrow the gap between disadvantaged and non-disadvantaged pupils within school over the next three years.*
- *To improve the attendance of all disadvantaged children through continued close monitoring and work to address barriers.*
- *To raise the expectations and aspirations of these children and their families through promoting cultural capital*
- *To support our children's health and wellbeing to enable them to access learning at an appropriate level.*

How does your current pupil premium strategy plan work towards achieving those objectives?

- *Good quality wave 1 teaching to support the needs of the children and leads to good progress*
- *A curriculum that addresses cultural capital*
- *Staff CPD*
- *Interventions to support progress in key areas such as reading and maths.*
- *Subsidise trips and resources*
- *Mental health and pastoral support work*

'At Woodley C of E, each person is unique and accepted as a child of God. Through strong Christian values and our BRIGHT attitudes to learning, we inspire hearts and minds to create lifelong learners, who have the knowledge, skills and understanding to shine brightly in the world.'

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1.	PPG children have poor starting points and many have a low baseline on entry to EYFS
2.	PPG children are failing to achieve the rapid progress in reading, writing and maths, they need to make, to enable them to close the gap with their non PPG peers.
3.	Attendance of our PPG children as a group, is lower than that of the whole school.
4.	Limited parental engagement to support learning which impacts on children's attitude to learning.

Intended outcomes

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1. Disadvantaged children make more progress in EYFS	EYFS Profile shows improved progress from starting points and this continues throughout KS1.
2. Disadvantaged children to improve attainment and progress in reading, writing and maths.	KS2 outcomes 2024/25 show that children in the cohort are closing the gap with their peers and are making good progress.
3. To achieve and sustain improved attendance for our disadvantaged pupils; to close the absence gap between them and their non-disadvantaged peers.	Sustained high attendance from 2022/24 demonstrated by: <ul style="list-style-type: none"> - Attendance will be in line with school attendance target (95% or above) - The absence gap between disadvantaged children and their non-disadvantaged peers is closed
4. Greater parental engagement at school events and higher aspirations. Focused and tailored support for each disadvantaged family improves access to enrichment experiences resulting in children	<ul style="list-style-type: none"> - Attendance at parents evening for PPG is in line with their peers by 2024 - All children attend school trips, including the Year 6 residential trip

having a sense of belonging leading to greater engagement with their learning.	- 100% of disadvantaged complete their home learning
